Solid Waste Management System

- ❖ Our Institution follows the SOP for the waste management.
- ❖ Compost pits are made in the backyard of the college for the solid waste collection.
- ❖ Department of Zoology monitors the production of vermicompost. Further the same compost is used for the garden of our institution.
- ❖ Our Institution have made MOU with CMC Ilkal for the maintenance of the solid and the liquid waste and organising environmental awareness programmes and rallies for the public.

LIQUID WASTE MANAGEMENT

Organic Solvents are purified by the distillation method and reused in the Chemistry laboratory. Solid like Derivatives of acetanilide, phthalimide etc., are recrystallised and used for the qualitative analysis. Rain water unit is established for the collection of rain water directly and it is used for the laboratory reagent preparation and performing experiments.
