**RESTRICTED ENTRY OF AUTOMOBILES**

Our institution has adopted a policy of automobile restricted entry. All the students and faculties of our institution and other institutions of our society are informed to abide by the rules of automobile restricted entry through the circular. At the entrance gate, security guards control the entry of outside vehicles and public. The institution encourages the staff and students to use the bicycles instead of their vehicles for safety, security, fuel conservation and to reduce environmental pollution.

## BAN ON USE OF PLASTIC

Our Institution has adopted a policy of ban on plastic use. Single-use plastic items such as plastic bottles, bags, spoons, straws and cups are banned completely and awareness is created among staff and students through orientation and display boards in the premises. To restrict the use of plastic, measures have been taken to replace plastic tea cups and glasses with steel glasses in the canteen. The staff and students are informed to use steel or copper water bottles instead of plastic bottles.

**BAN ON PLASTIC USE**

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and we must work to reduce and eliminate plastic pollution.

College has decided to take plastic ban as a campaign to address the environmental hazards being caused by the indiscriminate use of plastic. Educational institutions must lead this nation-wide endeavour. This we have made an effort to ban the use of single use plastics. Guidelines intend to help to achieve plastic free campus. It is not meant to be exhaustive but to provide directions and tips. The guidelines encourage adopting policies and practices towards cleaner and plastic free campuses.

**Purpose:**

- ❖ Carry out awareness drives and sensitizing workshops on the harmful impacts of single use plastics.
- ❖ Ensure plastic-free campus.
- ❖ Students and faculty must work towards this in mission mode.
- ❖ Usage of plastics should be stopped in canteens, shopping complexes in the institution's premises and hostels, etc.
- ❖ Students may not be permitted to bring non-bio-degradable plastic items to the institution
- ❖ Every student will strive to make his/her household plastic free.
- ❖ RO water plant in the campus to avoid the purchase and use of plastic water bottles.
- ❖ Ensure presence of alternative solutions like cloth bags etc.
- ❖ Conducting events and poster competitions etc on designing ecological and environment friendly goods to minimize the use of single use plastic.

## LANDSCAPING WITH TREES AND PLANTS

Landscaping of the college is worth seeing and reflects aesthetic sense. The institute has a canopy of trees and plants to make the environment pollution free to safeguard the health of all the inmates. The lawns and the trees provide shade and beautiful ambience. Utmost care is taken to develop and maintain green landscaping by trained gardeners and supervisor. The construction, maintenance and beautification committee constituted in the college looks after the development and maintenance of the greenery in the campus.
