Vision, Mission And Objectives of the College

OUR VISION

We Build Students to Create the Quality Universe

OUR MISSION

To provide education opportunity to the students of this part of the land, to assist intellectual, social, emotional, spiritual and physical development along with skills, confidence and maturity to meet the demands of a career for healthy community development.

OUR OBJECTIVES

1. To help students develop inquisitive minds and skills, giving them the ability to question & to argue rationally and to apply themselves to variety of tasks.
2. To teach students about human aspiration and achievement in the areas of Arts, Science, Philosophy and an unending search for a more just social order.
3. To provide a general mathematical, scientific and technical knowledge to enable students to the essential skills needed in the fast - changing world.
4. To help students understand how a nation earns and maintains standards of living and to appreciate the essential role of industry and commerce in this process.
5. To help students understand the world in which we live.
6. To help students use language effectively and imbibe better communication skills.
7. To encourage students enhance their constructive and creative ability in the academic and non-academic areas of achievement.
8. To instill in students the respect for moral values to the self and other people and tolerance to other religions & different ways of life.
