Response : Language, as a medium of communication, is the driving force of worldly affairs. In other words, language is the bearer of mundane transactions. Without language one cannot think of the existence without communication. Study of Indian Languages in the present scenario is extremely vital.

The Mahabharata says, "A student learns one fourth from his teacher, one-fourth from his own intelligence, one-fourth with the passage of time and one-fourth from his peers". We need to create an education system that is based on this.

Our Institutions offers Kannada, Hindi and English languages. Students can choose their language to learn according to their comfort. One of the desirable values incorporated into the teaching/ learning methodology is the integration of Indian/ native/ local knowledge system. While holding the classes the faculty adapt bi-lingual method to the communicate the concepts. Interactions during the session give ample scope for native language.

We adopted two language systems for running the programmes of UG and PG. We use English as an international language and kannada as a state / regional language in our curriculum. We

specialize in Kannada, Hindi and English literature. To preserve and spread Indian culture and tradition we organized various activities such as traditional day celebrations, Mehendi, Rangoli, Dance, Singing and more cultural practices. Our college was established in the year 1964 under the SVMVV

Projects were undertaken by our students on a host of topics on the lives and culture of the people (in the district and surrounding areas) as these research issues were un-explored and these historical and cultural aspects had not attracted due importance for research. Our teachers also contributed many research papers and received recognition for their research science teachers have developed small scale experimental kit to demonstrate the practical. Some of the science faculties have actively involved in the research and made collaboration with the reputed research institution and undergone research exchange Programme.
